FIRST OZONE DEVICE WITH TÜV CERTIFICATION AND CE-APPROVAL

PROVEN TO ELIMINATE CORONAVIRUSES

THE MOBILE & FLEXIBLY USABLE AIRCLEANER
FOR THE MEDICAL SECTOR
FINALLY CLEAN AND HEALTHY AIR!

The mobile Aircleaner eliminates bacteria, viruses, germs, aerosols, mold spores and odours. OZONOS utilizes a patented method that combines the properties of naturally generated ozone - for fresh and clean air at home and at work.

- No viruses
- No bakteria
- No odours
- No allergens
- Only pure oxygen

OZONOS IS PROVEN TO EMLIMINATE CORONA VIRUSES

The accredited test laboratory for hygiene and medical products HygCen Germany GmbH has now examined our OZONOS AC-I models and confirmed: OZONOS eliminates corona viruses.

100% IN THE AIR
>90% ON SURFACES

The test procedure has proven that OZONOS eliminates corona viruses and significantly reduces the risk of infection indoors.

*tested according to ISO EN17272 - HygCen Germany Accredited testing laboratory
A NEW QUALITY OF LIVING WITH THE FLOOR LAMP HAILEY...

Experience fresh air in a new way!

Hailey, the first fresh air floor lamp has everything you need to eliminate odours, germs, viruses and bacteria: an OZONOS AirCleaner inside the lampshade, a simple function and an innovative modern design.

100% HAMLESS FOR HUMANS AND ANIMALS

AND THE FLOOR LAMP STELLA

The Stella provides warm light in kitchens, common rooms and business spaces. The integrated AC-I PLUS discretely cleans the air.
DOCTOR’S PRACTICES AND WAITING ROOMS NO LONGER NEED TO BE GERM MAGNETS!
OZONOS IS THE SOLUTION!

HARMLESS TO HUMANS AND ANIMALS - DEMONSTRABLY CONFIRMED

PLACEMENT
The optimal effectiveness is reached from a height of 2m!

APPLICATION IN MEDICAL AREAS

DOCTOR’S PRACTICES
RETIREMENT- AND NURSING HOMES
PHARMACIES
PHYSIO-THERAPISTS
LABORATORIES
WAITING ROOMS AND RECEPTIONS
AND MANY MORE...
TÜV CERTIFIED AND CONVINCING IN NUMEROUS TESTS

The device produced according to ISO 9001:2015 was successfully tested in the laboratory by TÜV SÜD Product Service for compliance with legal standards (EN60335-2-65, maximum 0.05 ppm ozone concentration) and certified by Quality Austria Trainings, Zertifizierungs und Begutachtungs GmbH. In addition, long-term and stress tests as well as the CE Declaration of Conformity prove the safety, electromagnetic compatibility and interference immunity.

The OZONOS AC-i is therefore not only effective in practice, but also tested by independent tests and therefore harmless to health.

EXPERIENCES OF OZONOS USERS

»We use the OZONOS Aircleaner in our treatment and waiting rooms to protect our patients from germs and bacteria even better. In addition to this increased protection, it is also a great side effect that odours are eliminated across all areas.«

Dr. med.
Katharina Reschen
Head of practice

»We use 2 OZONOS devices in our pharmacy to eliminate unpleasant odours and protect our employees in the public area from infection by germs, viruses and bacteria which are inevitably brought into the pharmacy by our customers / patients.«

Dr. med.
Susanne Obermann
Salzburg

»The air quality in my practice has improved considerably through the use of OZONOS. This is especially noticeable in the waiting room. Even with a high number of patients the room climate does not suffer and the reduced germ load is an additional benefit for staff and patients.«

Dr. med. univ. et med. dent.
Sehdi Sarmini
Economic clinic management

»In the Smile Clinic Salzburg we use the OZONOS system for disinfection of the bacterial or viral contaminated aerosol cloud, which develops during the dental treatment. In this way we actively protect our employees from diseases.«

*The OZONOS AC-I PLUS and AC-I PRO are not designed for 24/7 use where people stay in the same room permanently. We recommend not to stay in the room for longer than 8 hours when operating the device. OZONOS AC-I PLUS and AC-I PRO are particularly suitable for professional use and for quicker and more intensive cleaning.*
